

Orange County Veterinary Hospital
Boarding Admissions Agreement

Welcome to OCVH. We have complete boarding facilities including more than 50 Runs and 12 Cat Condos. Our goal is to maintain your pet in an environment better than anywhere else except maybe your home. Every pet is kept completely separate from other animals. All are given a cot or comparable bedding, stainless steel bowls and high quality *Hills* food. Dogs are walked a minimum of 3 times per day plus supervised free time in our double fenced play area. Only pets from the same family can play together.

Be aware that your pet's diet may vary while away from home. He might bark at other people or animals. The temperature may be different than in your home. Thus, he may develop a brief case of diarrhea or tonsillitis. We try to prevent such problems, but they may develop. While boarding, any animal that requires veterinary care will receive it at our discretion and at your expense.

***All animals must be current on vaccinations and have had a negative fecal and heartworm test(canine) in the past year.*

WE HATE FLEAS! EVERY ANIMAL WILL BE GIVEN A CAPSTAR

*I have read and agree to the above*_____

CLIENT NAME:_____

PET NAME:_____

Address:_____

Canine/Feline Color:_____

Arrive date:____Departure:____
***PICK UP BY 2pm(M,T,TH,F)
